Know Your Contract: Resignation/Retirement

When members are considering retirement, a possible resignation, or moving to another district, they are encouraged to check their contract closely for any relevant language that might be of impact.

In some districts, retirements can only occur on specific dates of the year. Most contracts will also specify a specific minimum notice that is required when a member is resigning or retiring.

It is also important to be aware that a mid-year resignation or retirement can sometimes have a financial impact if significant vacation time has already been used.

When in doubt, members who are considering retiring or resigning from their district are encouraged to contact the Member Support Services team at BCPVPA for guidance.
