Do you know where your employment agreement (contract) is?

We recommend that all members ensure they keep the signed copy of their employment agreement somewhere safe, and somewhere that will be remembered.

Once in a while there are times when an employment issue arises, and quick access to a copy of the signed agreement is important.

We encourage members to take the time to find their own signed agreement. If you think you do not have yours for any reason, you might consider reaching out to your HR Department asking to have a copy for your files.

Any questions about employment agreements (contracts) can be referred to your local Contract Representative or the MSS team at mssinfo@bcvpa.bc.ca
